BRUCE FARRAR A107

Bruce -  
to a real great  
kid, I'll never  
forget Briarwood  
and Duxbury. Good  
luck in whatever  
you do. (Pam)

Bruce -  
Remember our  
peaceful retreats  
to Briarwood  
and Duxbury.  
Stay just as  
nutty as you  
are. Good Luck  
always,  
Sue

Bruce -  
I hoped you liked  
John Bloom's anatomy of  
a flounder with two eyes  
on one side and the one  
with hidden eyes.

P.S. Bill  
Watch out for flounder  
fish.

## *TO WILLIAM M. POWERS*

At first glance the office, with its files and telephones, looks like any other administrator's office. But across the room is the table where Mr. Powers meets his Student Advisory Committee to discuss community problems. On the opposite wall are students' paintings. Even these seemingly unimportant details reveal some of Mr. Power's warmth and his personal concern for every student in every school in the town of Needham.

As a high school student, Mr. Powers decided that he wanted to be a teacher. After receiving a Bachelor of Science degree and a Masters in Education at Boston University, he taught in many towns, coming to Needham as Assistant Superintendent in 1957, a position in which he served for four years before his appointment as Superintendent in 1961. And with each experience his commitment to young people has been strengthened. Mr. Powers has devoted himself selflessly to the town of Needham. He is admired, trusted, and loved by both students and teachers. Mr. Powers has given the Needham schools direction that is both dedicated and inspired and leadership that the town can look to with pride.

## JOYS OF AN EDITOR

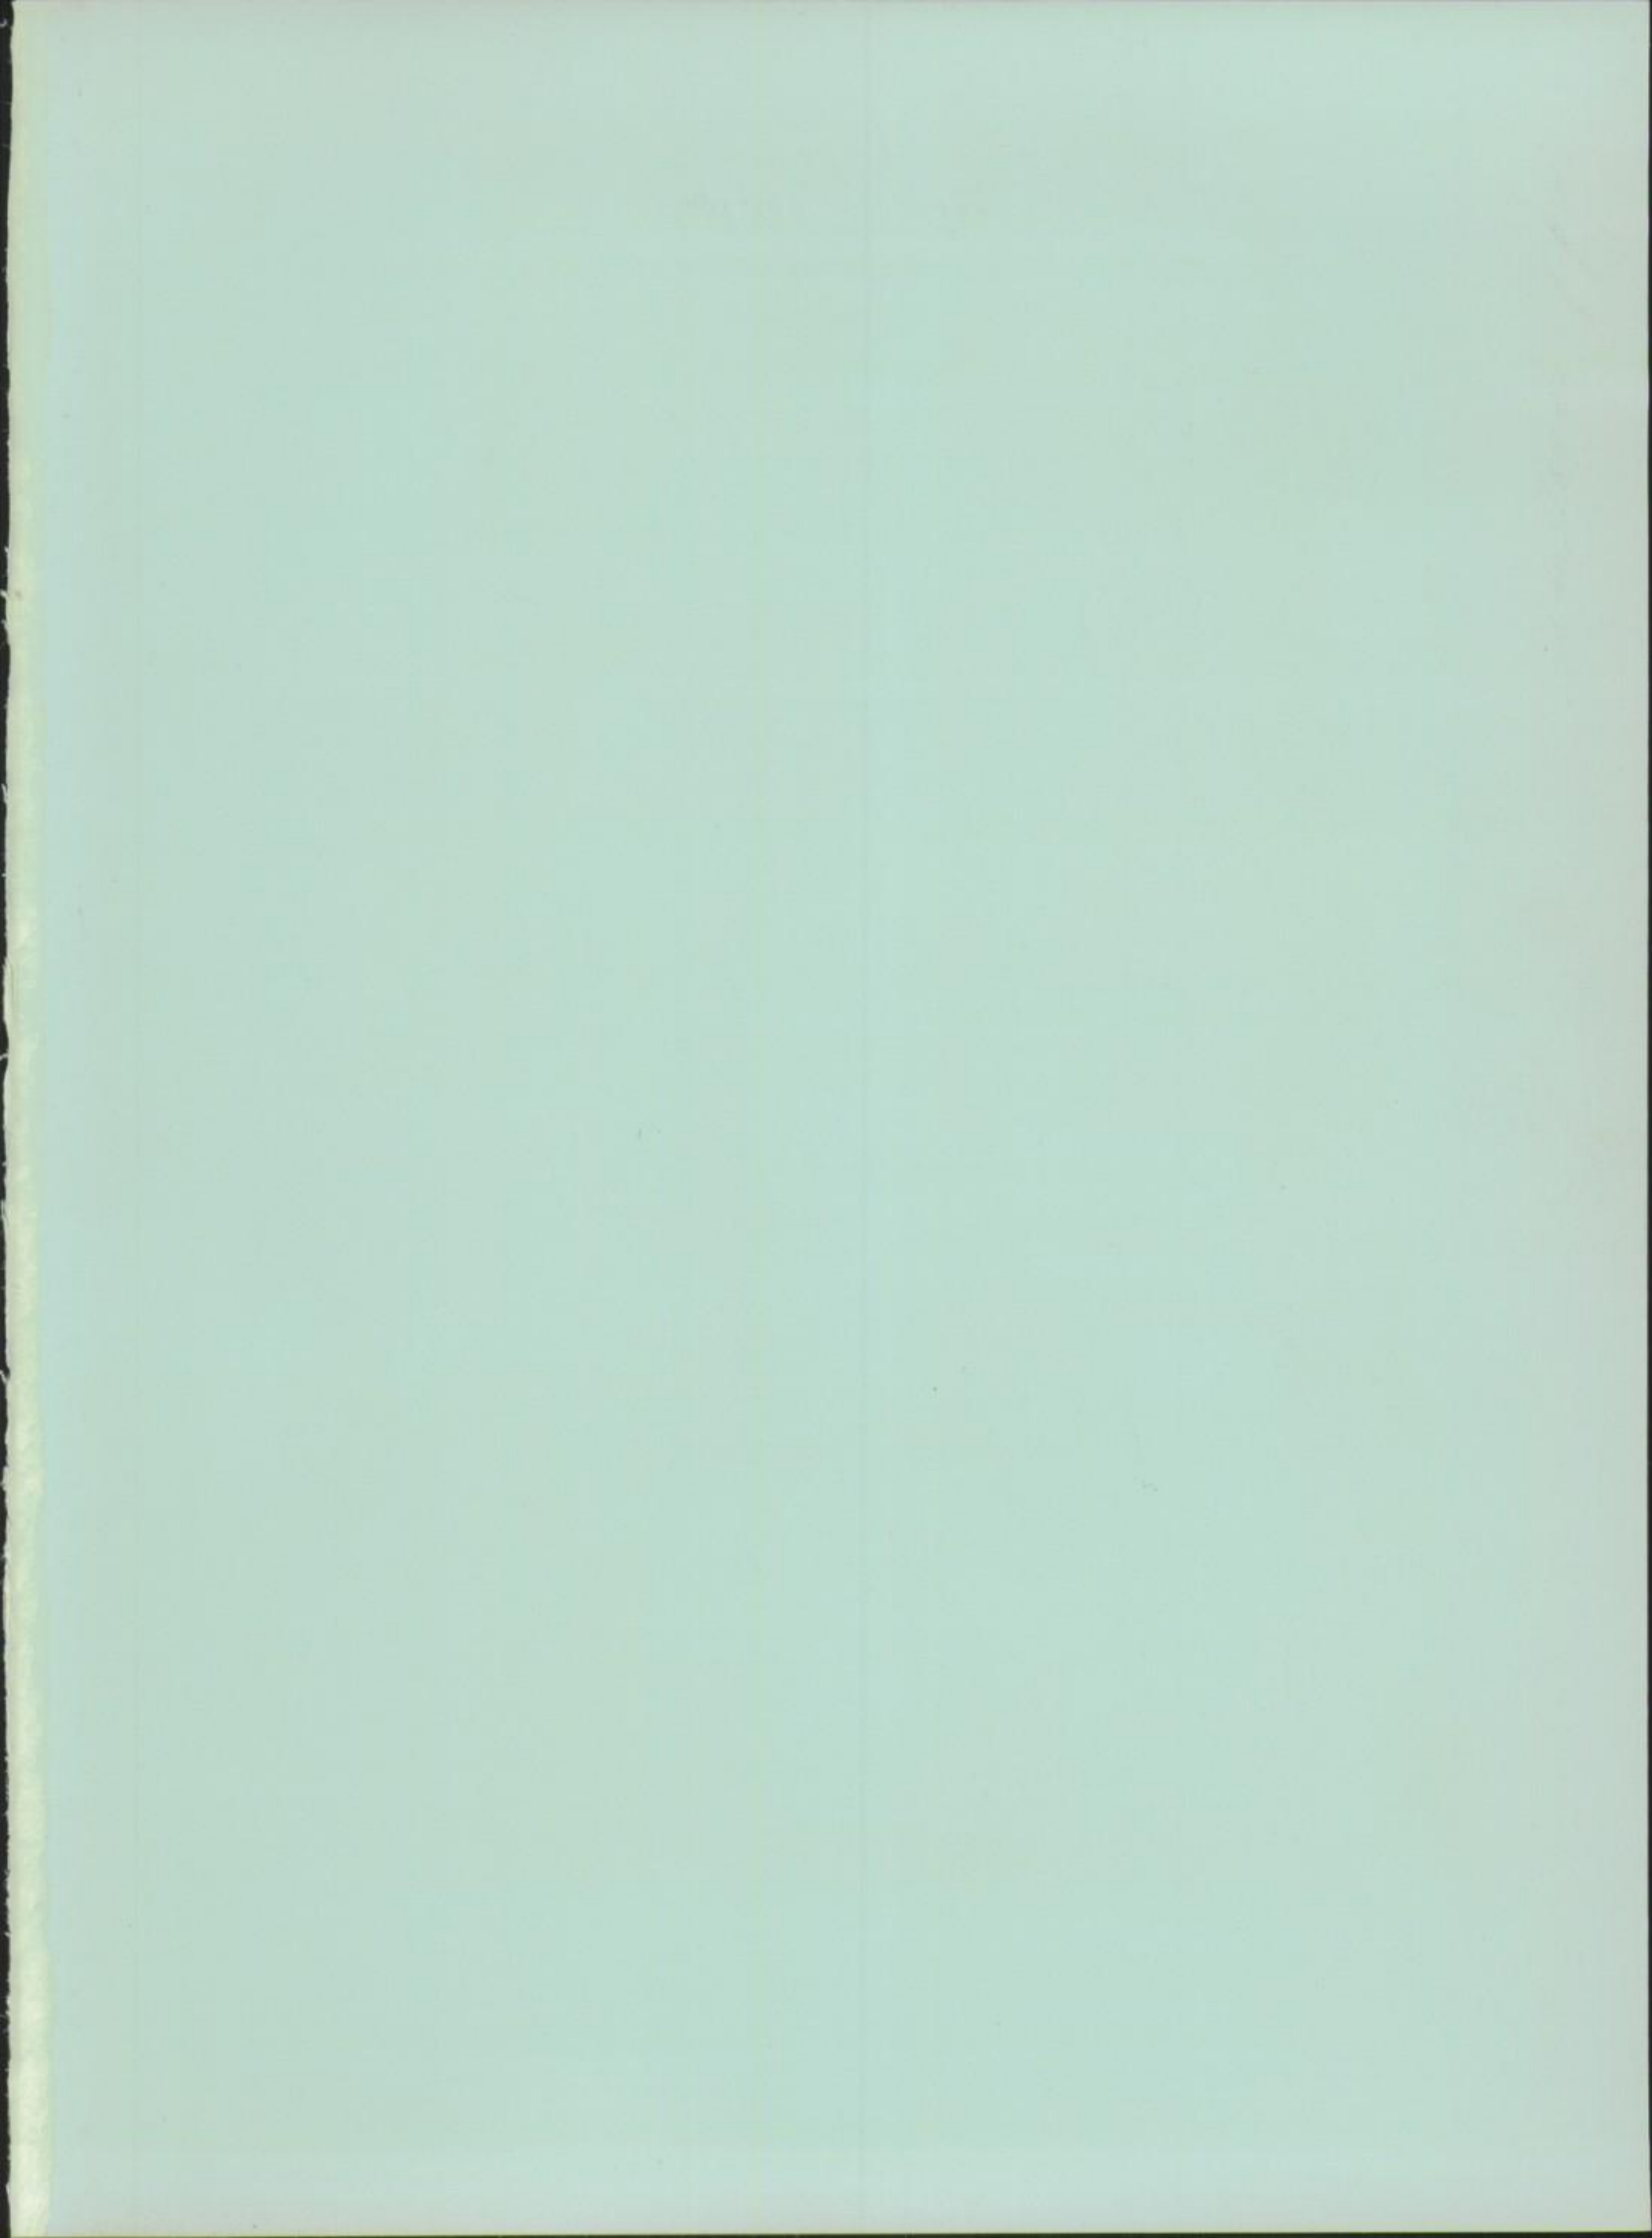

*Getting out this Advocate is no picnic.  
If we print jokes people say we are silly.  
If we don't, they say we're too serious.  
If we take ideas from other yearbooks,  
We are too lazy to think them up ourselves.  
If we don't we are stuck with our own stuff.  
If we stick close to the job all day  
We ought to be out taking pictures.  
If we do get out with our cameras,  
We ought to be inside copying layouts.  
If we don't have a blue and white cover  
We don't appreciate tradition.  
If we keep the school colors,  
We are old-fashioned.  
If we make a change in someone else's write-up,  
We are too critical.  
If we don't, we are asleep.  
Now, like as not someone will say  
We swiped this from some other yearbook  
And we did.*

*We wish to thank Miss Burke, our advisor; Mr. Allen, who was in charge of finances; Mr. Talbot and Mr. Marvin, our photographers; and Mr. Farnham, our Keller Representative; who helped us with our book this year.*

Bruce,  
The kid with the  
many many problems which  
are never solved, yet, never  
happen. Good luck (how trite)  
in the coming years.  
Dave Hill '67

To a superb  
soccer player and  
a great guy to have  
at parties.  
Happy Trails To You,  
Rick S.

Bruce: To the kid with  
the rabbit ears and  
ideas. A guy with problem  
up and beyond the regular  
rabbit mind and solutions  
to any problem or situation.

Bruce:

Too bad I had to know you  
through Katin! It puts an  
ominous note on everything I  
write. It's been fun! Maybe  
one of these days he'll get  
the date on the board correct.

Good luck at that college!

(I don't know how to spell it.)

Lee

Bruce,  
Best of luck to you  
in the future. Always  
aim high and you'll  
always succeed. To know  
I'm glad we got to know  
each other. I hope we can  
always be friends. You're a great  
kid! Take care of Herman!!!  
Love,  
Penny Grabeck
